DISCLAIMER

ORDER POLICY

- Once we have processed your order you will receive an order confirmation email.
- Orders cannot be changed using our online store but you can contact our office who will be able to assist.
- Orders for stocked items can be changed prior to the order being picked.
- Orders for manufactured items that are not stocked can only be changed prior to the production work order being released to our workshop.
- Special order and custom make to order items cannot be changed once we have placed purchase orders with our suppliers or released the production work order to our workshop.

FREIGHT & SHIPPING

- The freight amount shown on your quote or sales order is our best estimate at the time of order placement. The final freight charge on your tax invoice may differ, as it is based on the actual cost incurred at the time of dispatch, taking into account final packaging dimensions, weight, and destination. Variation between the estimated and final amount may reflect changes from the carrier, such as fuel levies, delivery location adjustments, or other logistic factors.
- Most orders for stocked items placed before 12pm (AWST) will be packed, consigned and ready for pickup that same day. Carrier pickup times change from time to time, and we cannot guarantee same day dispatch.
- At time of shipment, you will be notified via email and text message that your goods have shipped. You can use the tracking URL provided to monitor shipment.
- We make use of various carriers. At time of purchase, you will also have the option to ship your goods using the carrier of your choice on your own freight account.
- Every effort will be made to accommodate warehouse pickups from our Perth factory but our preference is to ship goods to your closest depot, this is due to freight carrier congestion during the peak months from July onwards.
- If you do wish to nominate a pick up day for freight we will hold the freight but ship the next business day if no collection has taken place.
- General freight carriers no longer ship direct to farms, when placing your order you need to provide us with a business address or freight depot. Our sales team has a complete list of freight depots and will gladly share these with you.

PRICING POLICY

- Pricing can be found online at www.harvestaire.com.au. Always review the order confirmation you receive via your nominated email address.
- Pricing online is always correct unless stated differently.
- Our pricing is Ex GST.
- Harvestaire reserves the right to change prices without prior notice if there is a price increase from our supplier, an adverse movement in exchange rates or airfreight is used.
- You will receive an order confirmation via email once your order has been processed, all pricing queries must be raised prior to the shipment of your goods and no price credits will be applied post shipment.
- Typographic, Photographic and/or descriptive errors are subject to correction.

PARTS RETURN POLICY

We want you to be completely satisfied with your purchase, if you need to return a product, we are here to help:

- Acceptable reasons for returns include: Product damaged during shipment, Product not as described, or product defect
- Timelines for returns are: You must notify us within 14 days of invoice of your intent to return the product. Once we have approved your request to return the product, you must return the product back to us within 30 Days of receiving the email stating that we have approved your RMA. Strictly no items can be returned or refunded after 30 days of Invoice date, due to buyer's error.
- Restocking fee: If the return is due to a buyers error we may charge a restocking fee of up to 30% of the purchase price and a credit note will be issued on your account to be applied against future purchases.
- Refund Process: Harvestaire at its absolute discretion may offer a refund to you and will only be made if requested within 45 days of the credit note date, otherwise credit will remain on the account for future purchases.
- Only products returned in a as new condition will be accepted.
- No returns on custom or special orders will be accepted.
- All part returns must be accompanied by an approved return materials authorization (RMA) form. The RMA form can be accessed by logging onto your account on our online store or contacting our sales team.
- Returned goods without an RMA number will not be accepted, ensure the RMA number the team gives you is clearly visible on the returned package.

WARRANTY AND HARVESTAIRE ADVANTAGE

- Harvestaire warrant that it will repair or replace (whichever it deems advisable) any product manufactured or sold by Harvestaire which proves to be defective in material or workmanship within a period of one year from the date of original purchase on invoice.
- Warranty service can be obtained by completing and submitting a return materials authorization (RMA) form and submitting photos of the defective item. The RMA form can be accessed by logging onto your account on our online store or contacting our sales team.
- When requesting a warranty repair, you do not need to return the item to us, in the event where we are unable to determine the cause of the failure, we might request that you return the part to us, at our cost.
- If found defective under the terms of this warranty, repair or replacement will be made without charge.
- If found not to be defective you will be notified, and in the event where the item was returned to us, the return freight cost will be charged to your account.
- The warranty covers normal use and does not cover damage or defect which results from alteration, accident or neglect or improper installation, operation or maintenance.
- Harvestaire's obligation under this warranty is limited to the repair or replacement if the defective products (up to the purchase price).
- Harvestaire neither assumes or authorizes any other person to give any warranty or to assume any other obligation on its behalf.

Parts in this catalogue are not manufactured by the Original Equipment Manufacturer. Original Equipment Manufacturers' names, part numbers and descriptions are used for reference purposes only.

Harvestaire is a Western Australian owned manufacturer and importer of quality aftermarket harvester and tractor parts. We have been supporting Aussie farmers to maximise their harvest for 44 Years. A complete list of our extensive dealer network can be found online using our dealer locator.

OPERATING HOURS

SEPTEMBER / OCTOBER / NOVEMBER

Monday - Friday 7am to 5:30pm (AWST)

Saturday 8am to 12pm (AWST)

Note: Our ONLINE STORE is always open.

NOTE: We've updated our Harvest Catalogue order of contents. Front parts and header parts are now ordered from the front of the header to the back – just like your machine. We hope these changes will make it easier to read and help you search and find the parts you need.

INTRODUCTION TO AIR SEEDER PARTS

“We’ve listened to your feedback and understand that it’s important for our customers to get some seeding parts from us as well. As Aussie farmers continue to expand and grow, so should we.”

Malcolm Harwood,
Harvestaire GM

RAYCOL ENGINEERING

Raycol is a market leader in the manufacture of after market stainless steel air seeder components.

Raycol Engineering commenced business in Geraldton, Western Australia in 1975 manufacturing trailers for domestic and agricultural applications. In 1979, Raycol re-located to Morawa, about 150km inland from Geraldton and started manufacturing agricultural equipment such as truck bins, augers as well as seed and fertiliser bins.

Raycol Engineering continues to drive the development of new products to satisfy their customers requirements.

In 2025 Raycol celebrates 50 years in business.

HOSECO

Supply, service & solutions provider of hose and hose assemblies.

HoseCo's warehouses are fully equipped with state of the art equipment to provide one of the most comprehensive range of hose assemblies and services available. In addition to the supply of industrial, hydraulic and specialised resources hose and fittings, HoseCo provides complete hose management solutions, consultancy, flexible engineering, and mobile services.

HoseCo continues to offer a range of dedicated Hose, Fittings and Fluid Transfer Products with unmatched service capabilities to a range of industries across Australia.

QUICK CONNECTORS

Raycol Quick Connectors allow for easy disconnection between the bar and bin. Manufactured from Stainless Steel and fitted with rubber seals between the sides allows for an air tight connection. The stainless over-centre latch is adjustable to ensure the seal remains air tight.

Replacement Seals available below.

SECONDARY RISERS

All Risers are manufactured using 304 Grade Stainless Tube (unless specified) with a 2mm wall thickness. The 90 degree bend on the risers is bent using a “wrinkle die” which helps reduce thinning of the material in the back of the bend. All risers (except 45mm) are supplied with dimples up the side of the tube to assist with product centring before reaching the Secondary Heads.

R1 RISER - FIXED MOUNTING BRACKET

The fixed mounting plate provides several mounting options onto the bar. Supplied with a U-Bolt to suit a 100x100mm frame as standard. Standard Riser height is a minimum of 700mm, also available 1070mm high (add “L” to the end of the part no.).

PART NO. & DESCRIPTION	Check the latest prices at harvestaire.com.au or simply scan the QR code provided.

HOW TO ORDER VIA PORTAL

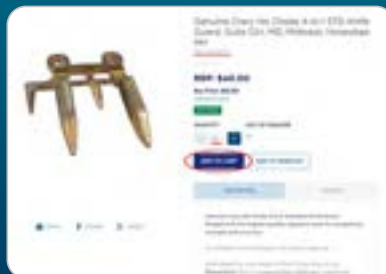

1

Login into "My Account" page. You will see past order, lodge tickets, pay invoices, request returns etc.

2

On an items page, view details - change the quantity and click "Add To Cart".

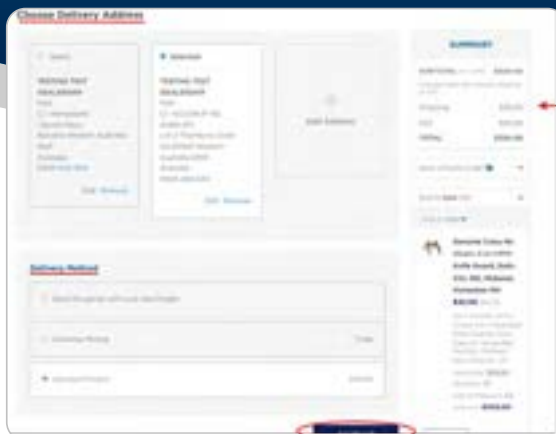

3

View pop up in the top right corner - "View Cart".

5

Select the delivery address and the delivery method. Click "Continue".

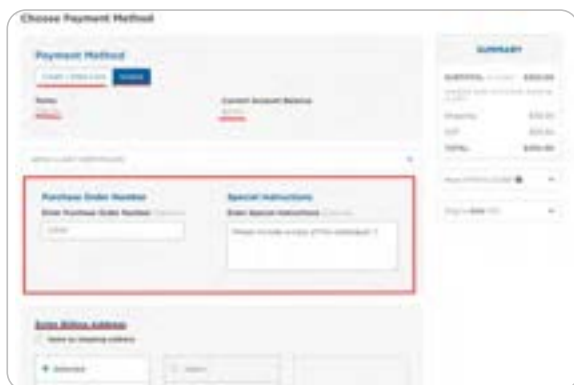

4

View cart summary and see the total price of all parts added. Proceed to checkout.

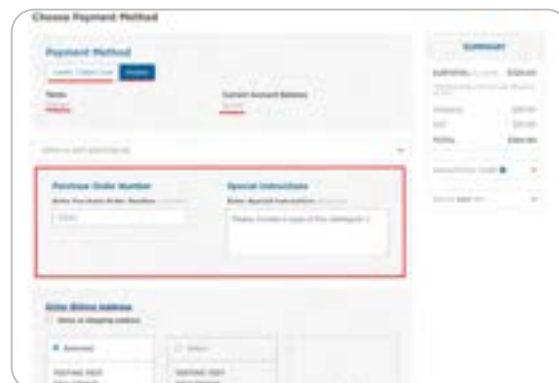

6

Next page - select payment option via card. Enter a PO number or any special instructions and select billing address.

7

On the next page - review the order details before placing the order.

8

Place Order. Review of the Price, Sales Order Number and the option to "Download PDF".

9

Order Form example - SO number: top right.

ACROSS AUSTRALIA

Harvestaire Manufactures and Sources the Parts You Need.

Harvestaire is committed to manufacturing in Australia. We fabricate a broad range of harvester and tractor parts out of our West Australian factory. We also source an extensive range of parts from reliable Australian, North American and European manufacturers, more often than not from the same factory OEM's use. All our suppliers share our commitment to quality and reliability.
